Welcome to Amba Hotel Charing Cross, a lifestyle hotel in the heart of London. Revel in the feel of Victorian elegance, matched with attentive service to make you feel like a real VIP. Relax with a host of modern comforts, including the latest intuitive technology.

Be right in the centre of things next to Charing Cross and a few steps from Trafalgar Square - just perfect for doing business or seeing the sights.

LET US EXCEED YOUR EXPECTATIONS

It all started in 1865 – over one and a half centuries of exceptional comfort and service for visitors to the UK capital. Designed in sumptuous Franco-Italianate style by leading English architect E M Barry, Amba Hotel Charing Cross has been transformed for the modern age. Yet it hasn't lost any of the style and splendour that made it the go-to place in London for the Victorian fashionable society.

When it opened the hotel boasted the latest state-of-the-art gadgets, including lifts,

heating and wired bells! Today that cutting edge thinking lives on in the signature Amba Hotels experience, with features including unlimited high-speed Wi-Fi, Smart TVs and Nespresso™ coffee machines in every room.

Another thing that hasn't lost its magic over time is the panoramic view of city life from The Terrace bar and restaurant. Sip a classic cocktail, look down over The Strand and imagine you're back in that bygone age of elegance.

BUILT ON 150 YEARS OF HERITAGE

At Amba Hotels we want to make sure we deliver exactly what our guests want from a hotel. That's why we always listen to what you have to say, not just through surveys and feedback, but also by being attentive and responsive on the ground, day in, day out. The result? It's everything you could wish for in a London hotel, whether you're on a business trip, taking a weekend break or organising an important corporate get-together.

The positive reactions we get speak for themselves. In the last few years, we've consistently received great feedback from our customers in the hotel and on sites such as TripAdvisor.
